WordPress		

PROJECTS

WordPress Website - yogabali.com

A project focused on yoga and wellness services

- Developed a responsive website for yogabali.com using WordPress and Elementor.
- Collaborated closely with the client's UI/UX team to implement design concepts
- Worked directly with the owner to fulfill custom requests and adjust features according to business needs

Shopify E-Commerce - queenbeecoffee.com.au

An e-commerce project for a coffee brand

- Developed a full Shopify-based e-commerce website for queenbeecoffee.com.au from scratch to launch.
- Built the website based on the given design, ensuring pixel-perfect implementation
- Used custom CSS to overcome Shopify's layout limitations and achieve the desired look and functionality
- Successfully launched the site, which is now actively running and serving customers
